1. Interface

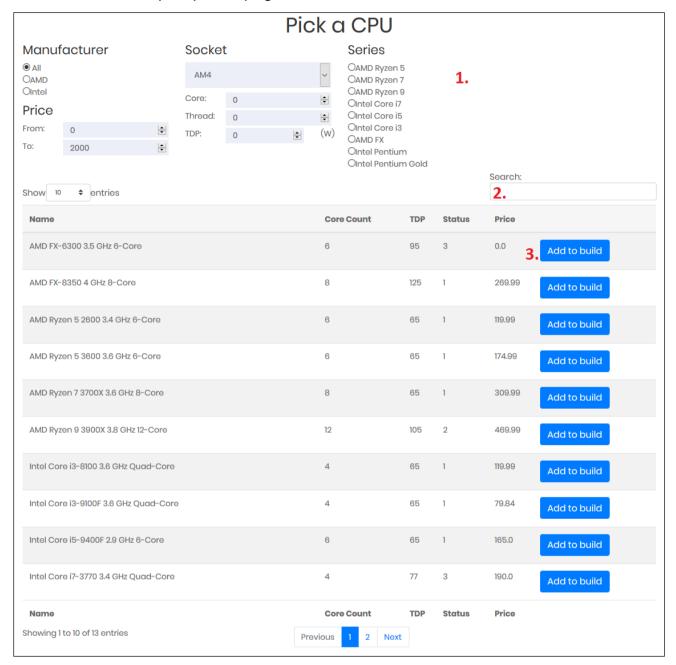

2. Build PC

a. At System builder page: HTDShop-web/build

Buttons to search for individual parts.
 Price column of picked parts.
 Share button for registered users.
 Button to go back to the index page.

b. At individual part picker page:

An example of a part picker page. Here, users can filter through the desired part for their build. Each page will have this general layout: Search form (1), search box for filtered table (2), pick button to add to build (3).

Each picker page will feature different forms dedicated to appropriate parts:

- CPU Filter Form:

Manufacturer	Select desired part manufacturer or look up all.
Price	Enter the desired price range to look up.

Socket	Pick the desired CPU socket for the build.
TDP	Enter the desired wattage range for the part.
Core	Enter the desired amount of cores for the CPU.
Thread	Enter the desired amount of processing threads for the CPU
Series	Pick a line of product provided by the manufacturers.

- Motherboard filter form:

Manufacturer	Select desired part manufacturer or look up all.
Price	Enter the desired price range to look up.
Socket	Pick the desired CPU socket for the motherboard.
Chipset	Pick the desired chipset of the motherboard.
Memory Type	Select the memory type that the motherboard will use.
Form Factor	Select the form factor of the motherboard.

- GPU filter form:

Manufacturer	Select desired part manufacturer or look up all.
Price	Enter the desired price range to look up.
Chipset	Pick the desired chipset of the GPU.
Memory Type	Select the memory type of the GPU.
TDP	Enter the desired wattage range for the part.
Memory	Enter the range of RAM the GPU has.

- Memory(RAM) filter form:

Manufacturer	Select desired part manufacturer or look up all.
Price	Enter the desired price range to look up.
Memory Type	Select the memory type.
Memory	Enter the range of memory the RAM has.

Memory Modules	Number of RAM sticks the package has.

- Power Supply filter form:

Manufacturer	Select desired part manufacturer or look up all.
Price	Enter the desired price range to look up.
Form Factor	Select the form factor of the PSU.
Wattage	Enter the desired wattage the PSU can deliver.

- Storage filter form:

Manufacturer	Select desired part manufacturer or look up all.
Price	Enter the desired price range to look up.
Form Factor	Select the form factor of the drive.
Memory	Enter the amount of storage needed.
Storage Type	Select the type of storage drive.
Interface	Select the drive's interface.

- CPU Cooler filter form:

Manufacturer	Select desired part manufacturer or look up all.
Price	Enter the desired price range to look up.
Socket	Select the socket the cooler will support.

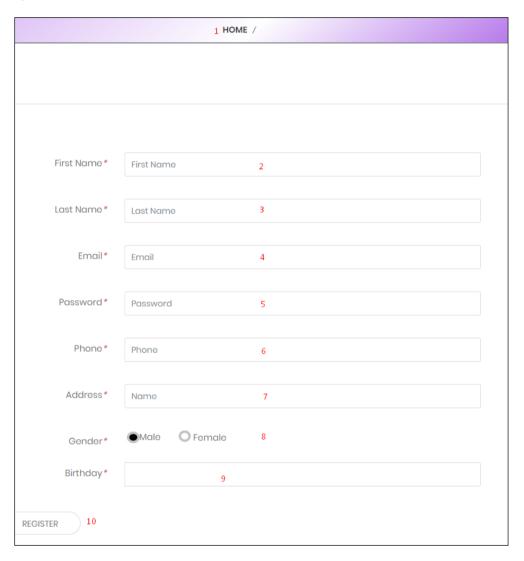

- Case filter form:

Manufacturer	Select desired part manufacturer or look up all.
Price	Enter the desired price range to look up.
Form Factor	Select the type of motherboard the case can support
PSU Form Factor	Select the type of power supply the case supports.

- Monitor filter form:

Manufacturer	Select desired part manufacturer or look up all.
Price	Enter the desired price range to look up.
Screen Size	Enter the desired screen size.
Resolution	Enter the desired screen resolution.

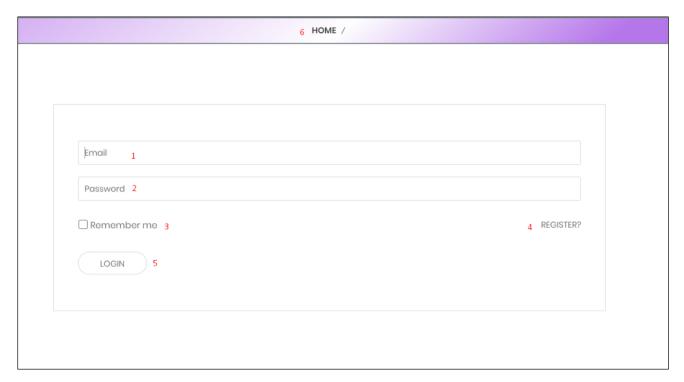

3. Register

1	Click Home button to redirect Home page
2	Enter your first name.
3	Enter your last name.
4	Enter your email.
5	Enter your password.
6	Enter your phone.
7	Enter your address.
8	Choose your gender.
9	Choose your birthday.
10	Click Register button

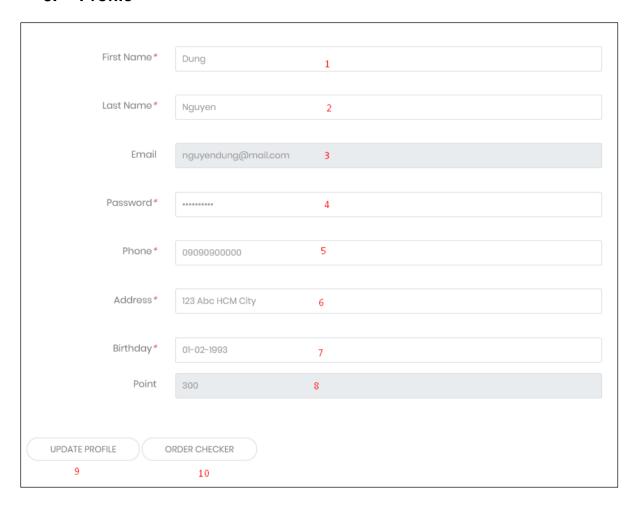

- + If Create new account successful, you will redirect to **Login page** + If failed, show error

4. Login

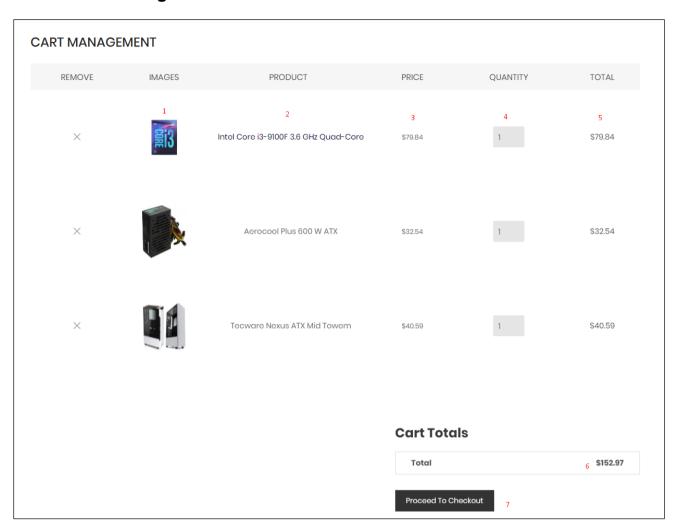

1	Enter your account's email.
2	Enter your account's password.
3	Check if you want to save cookie.
4	Click Register to redirect Register page if you don't have
	account login.
5	Click Login button.
	+ If login successful, you will redirect to Home page
	+ If login failed, show error
6	Click Home button to redirect Home page

5. Profile

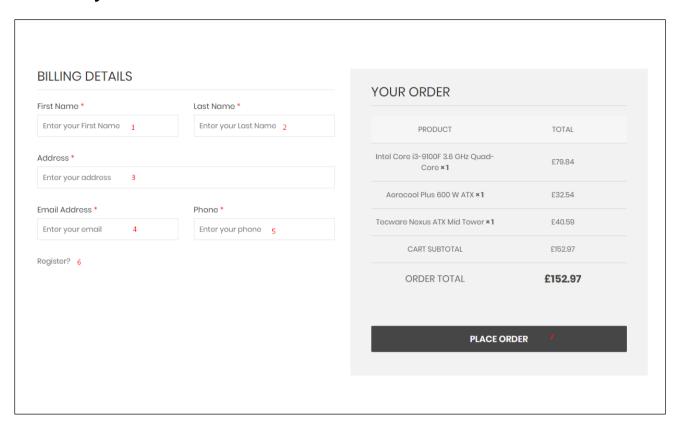

1	Enter your first name if you want to change this.
2	Enter your last name if you want to change this.
3	Your email can't change.
4	Enter your password if you want to change this.
5	Enter your phone if you want to change this.
6	Enter your address if you want to change this.
7	Enter your birthday if you want to change this.
8	Your point can't change.
9	Click Update Profile button if you change your detail.
